Germany's largest partnership forum for environmental and energy technologies

"Green Ventures" offers a program of carefully planned, bi-lateral meetings for companies as well as institutions coming from approx. 45 nations. The forum has taken place annually in Germany since 1998, in China in 2002 and 2004, as well as in Italy in 2008, in 2011 in Brazil, in 2012 in the Arabian Gulf States, in 2014 in Great Britain and in 2015 in Israel.

The forum is directed at firms and institutions active in the following areas:

1. Green Ventures - Water, Air & Soil

Water and sewage treatment, distribution & planning, circulation processes, air and ground clean up, ordinance clearance, remediation and recultivation.

2. Green Ventures - Energy & Construction

Energy planning, generation, distribution and saving and renewable energy, heating, waste heat, co-generation, insulation, environmentally friendly & innovative construction, architecture, project planning, building methods & equipment, facility management, infrastructure (water & energy supply etc.), modernisation, restoration, demolition/ recycling.

3. Green Ventures - Recycling & Regenerative Materials

Waste collection, transport & recycling, composting (new materials made of renewable resources or waste and their industrial applications, biodegradable materials.

Countries: Spain, Japan, Turkey, Israel, Great Britain, Gulf States, Brazil, Denmark, Finland, China, Italy, Poland, Tunisia, Belgium, Czech Republic, Hungary, CIS, Germany and other countries
