BioHorizon project is funded by the European Commission - Grant Agreement no. 652637

#BioBrokerage

ADAS provides ideas, specialist knowledge and solutions to secure our food and enhance the environment.

<http://www.adas.uk/>

Crop protection, horticulture, modelling & informatics, soils, physiology, and policy.

SFS-05-2019 Diagnostics map for soil pathogens and crop production

1. Create a European soil pathogen, environmental & crop disease database
2. Validate relationships between diagnostic thresholds, environment & disease
3. Develop strategies to map, predict & control spread of soil-borne diseases
4. Establish a European soil-pathogen network of scientists, farmers & stakeholders

Existing consortium: UK, Germany, France, Denmark, Czech Republic, Poland

Expertise sought: Web design, soil-pathogen diagnostics

Diagnostics, Soil, Crops, Environment
