

## Intec and Z 2019

### International platform for economic cooperation

**iNTEC**

*International trade fair  
for machine tools, manufacturing and automation*

**Z**

*International subcontracting fair  
for parts, components, modules and technologies*

**February 5 – 8, 2019**

## Intec and Z – The flagship of Leipzig’s industry trade fairs

Frequency	exhibitors 2017	visitors 2017	space 2017
bi-annual	1.382 from 30 countries	24.200 from 35 countries	70.000 sq.m.

- Z and Intec have been held together since 2007 in Leipzig.
- This combination is unique in Germany.
- At the same time the trade fair combination is the largest investment goods trade fair in the eastern part of Germany.
- The core visitor region is distinguished by traditionally strong industrial sectors like machinery and plant construction, automotive, chemicals and plastics production.
- The trade fair combination takes place every two years and is the first important industry get-together for manufacturing technology in the metal processing and supply industry in Europe.

## Mechanical engineering in Saxony

## Z – International subcontracting fair for parts, components, modules and technologies

- The Z has established itself as one of the leading European subcontracting fairs by concentrating primarily on the challenges of industrial supply services.
- With the concentrated presentation of supply services, the Z offers its exhibitors their own platform for access to the Central European market.
- It focuses mainly on German and international exhibitors who are active in the low to middle-tier production stages or who have positioned themselves as industrial service providers.

## Z 2017 – Exhibitors

<b>Number of exhibitors:</b>	362
<b>Germany:</b>	270 exhibitors (74 %)
most represented fed. states:	Saxony, Thuringia, Bavaria, Baden-Wurttemberg, North Rhine-Westphalia
<b>International:</b>	92 exhibitors (26 %) from 19 countries
Top of the countries:	Czech Republic, Poland, Switzerland, Italy, Bulgaria

## Z 2017 – Exhibitor profile

### Portfolio

- Parts and components
- Jointing, connecting and assembly processes
- Materials, semi-finished products
- Processes as technological supply services
- Tools and equipment for manufacturing supply parts and modules
- Electronics/electrical engineering: Individual parts, components, finishing, assembly and test processes
- Industrial services

Strongest product groups (multiple naming)	
Parts and components	59 %
Processes as technological supply services	25 %
Industrial services	19 %
Jointing, connecting and assembly processes	16 %

## Intec – International trade fair for machine tools, manufacturing and automation

- The Intec is one of the leading trade fairs for the metal working industry in Europe.
- Saxony is considered to be the cradle of German mechanical engineering. But the East German companies and research institutions only show such a strong presence at the Intec in Leipzig.
- With its early date, Intec is an important industry indicator for starting off the year and represents the optimum time for making initial investment decisions.

## Intec 2017 – Exhibitors

1.020 exhibitors from 23 countries  
11 % international exhibitors

### Portfolio

- Machine tools
- Pressing and forming machine tools
- Special engineering
- Machine components, peripheral systems
- Precision tools, appliances
- Automated production and robotics
- Industrial electronics, sensors
- Software, IT applications
- Intralogistics
- Science and research

## Intec and Z 2017 – Visitors

24.200 from 35 countries

### Target branches of visitors

- Mechanical engineering
- Plant engineering and construction
- Sheet metal processing
- Automotive industry
- Electronics/Electrical engineering
- Power generation
- Other industrial sectors (such as plastics technology and processing, medical technology)
- Industrial Services
- Research centers

## Intec and Z 2019 – Specialized program (selection)

- **Technology shows, specialist symposia, conferences, workshops**  
(Topics: Additive Manufacturing, Lightweight Construction, Industry 4.0, sensors, smart production)
- **B2B-meetings: CONTACT-Business Meetings**, organised by Leipzig Chamber of Industry and Commerce and the Saxon network partners within the Enterprise Europe Network for exhibitors and visitors of both fairs, pre-scheduling, free of charge for foreign participants
- **International technology and trade forums** in cooperation with Saxony Economic Development Corporation (WFS) and others
